

Board of Hearing Aid Specialists Certified Testing Room Waiver

Section (s.) 484.0501(6), Florida Statutes, directs that each audiometric test conducted by a licensee or authorized trainee in the fitting and selling of prescription hearing aids shall be made in a testing room that has been certified by the department, or by an agent approved by the department, not to exceed sound pressure levels at frequencies specified by law.

However, an exception to this requirement shall be made in the case of a client who, after being provided written notice of the benefits and advantages of having the test conducted in a certified testing room, requests that the test be conducted in a place other than the licensee's certified testing room. When a test is conducted under this exception, the executed waiver shall be attached to the client's copy of the contract, and a copy of the executed waiver shall be retained in the licensee's file.

I, _____, the undersigned client, do hereby waive the provision of s. 484.0501(6),
(please print)
Florida Statutes, which directs audiometric testing be conducted in a testing room certified by the Department of Health, or an agent approved by the department, and I authorize the licensee/trainee named below to test my hearing in a place other than the licensee's certified testing room.
