## Instructions For Filing Regulatory Assessment Fee Return (Investor-Owned Electric Utility)

1. **WHEN TO FILE:** To avoid payment of penalties and interest, the Regulatory Assessment Fee Return and payment must be filed or postmarked:

*On or before July 30* for the six-month period January 1 through June 30, **and**  
*On or before January 30* for the six-month period July 1 through December 31.

However, if July 30 or January 30 falls on a Saturday, Sunday, or holiday, the Regulatory Assessment Fee Return may be filed or postmarked on the next business day, without penalty.

2. **FEES:** Each utility shall pay the currently authorized percentage, as indicated on Line 34 on the reverse side, of its gross operating revenues derived from intrastate business. Gross Operating Revenues are defined as the total revenues before expenses. The currently authorized percentage was implemented by Rule 25-6.0131(1)(a), Florida Administrative Code. Annual revenue amounts are to be reported on the return for the period ended December 31.
3. **FAILURE TO FILE BY DUE DATE:** A Regulatory Assessment Fee Return must be completed, signed, and filed even if there are no revenues to report or if the minimum amount is due. Failure to file a return by the established due date will result in a penalty being added to the amount of fee due, 5% for each 30 days or fraction thereof, not to exceed a total penalty of 25% (Line 38). In addition, interest shall be added in the amount of 1% for each 30 days or fraction thereof, not to exceed a total of 12% per year (Line 39).
4. **EXTENSION:** A utility, for good cause shown in a written request, may be granted up to a 30-day extension. A request must be made by filing the enclosed *Regulatory Assessment Fee Extension Request* form (PSC/AIT 124), two weeks prior to the filing date. If an extension is granted, a charge shall be added to the amount due:

0.75% of the fee to be remitted for an extension of 15 days or less, *or*  
1.5% of the fee for an extension of 16 to 30 days.

In lieu of paying the charges outlined above, a utility may file a return and remit payment based upon estimated gross operating revenues by checking the "Estimated Return" space in the top left-hand corner on the reverse side. If such return is filed by the normal due date, the utility shall be granted a 30-day extension period in which to file and remit the actual fee due without paying the above charges, provided the estimated fee payment remitted is at least 90% of the actual fee due for the period.

5. **REGULATORY ASSESSMENT FEE DUE:** Amounts are due and payable to the Commission by either January 30 or July 30 depending on the reporting period. If there are no revenues **OR** if revenues are insufficient to generate a minimum annual fee, remit the minimum fee. **A Regulatory Assessment Fee Return must be completed, signed, and filed even if there are no revenues to report or if the minimum amount is due.**
6. **FEE ADJUSTMENTS:** Computational errors and/or differences in gross operating revenues reported for regulatory assessment fee purposes and those reported in the annual report may cause adjustments to amounts paid to the Commission. The utility will be notified as to the amount and reason for any adjustment. Penalty and interest charges may be applicable to additional amounts owed to the Commission by reason of the adjustment. A utility may file a written request for a refund of any overpayments. The request should be directed to Fiscal Services at the below-referenced address.
7. **MAILING INSTRUCTIONS:** Please complete this form, make a copy for your files, and return the original in the enclosed preaddressed envelope. Use of this envelope should assure a more accurate and expeditious recording of your payment. If you are unable to use the enclosed envelope, please address your remittance as follows:
