

Florida Department of Education
English Literacy for Career and Technical Education (ELCATE) Course Standards

Program Title: English Literacy for Career and Technical Education (ELCATE)
Program Type: Adult General Education-English for Speakers of Other Languages (ESOL)

ESOL-ELCATE	
Program/Course Number	9900050
CIP Number	1532.010301
Grade Level	30, 31
Standard Length	1350 hours maximum recommended
Teacher Certification	Bachelor's degree or higher

PURPOSE:

To prepare adult English language learners to enter and succeed in Career and Technical Education (CTE) programs, to obtain or maintain employment, and to advance in a high-growth, high-wage career.

LABORATORY ACTIVITIES:

Students should have access to computers equipped with relevant instructional programs.

PROGRAM STRUCTURE:

The ELCATE standards are divided into three levels, A, B, and C. The standards address reading, writing, listening, speaking, grammar, career and technical classroom and workplace skills, technology, and test-taking. The standards have been written to correlate to the CASAS Life and Work Reading and Listening 80 Series. It is recommended that students in ELCATE Level C be tested with the CASAS Reading Life and Work 85/86 because these tests correlate to CTE topics more closely.

ELCATE is one of six programs within the Adult English for Speakers of Other Languages (ESOL) Program. ELCATE does not provide credits toward a state certificate, secondary or post-secondary degree. Students may be concurrently enrolled in one or more of the other programs in the Adult ESOL program, the ABE program or the GED Preparatory program. Students may enroll in ELCATE prior to, or concurrent with, being enrolled in a CTE Program.

SPECIAL NOTE:

Instruction and Use of Technology: Instruction may be conducted one-on-one or in groups. Lessons should include the use of technology that students will be expected to use in CTE classes and in the workplace.

Accommodations: Federal and state legislation requires the provision of accommodations for students with disabilities to meet individual needs and ensure equal access. Adult students with disabilities must self-identify and request such services. Students with disabilities may need accommodations in such areas as instructional methods and materials, assignments and

assessments, time demands and schedules, learning environment, assistive technology, and special communication systems.

CAREER PLANNING:

Ongoing counseling of ELCATE students is recommended to ensure a smooth transition to CTE programs and the workforce. It is recommended that students be instructed in using Florida CHOICES (www.flchoices.org), a career information website provided by FLDOE, or a comparable system for career exploration and planning. The following is a list of career exploration and planning competencies that should be addressed in the ELCATE course:

- CP.01 Develop skills to locate, evaluate, and interpret career information.
- CP.02 Identify interests, skills, and personal preferences that influence career and education choices.
- CP.03 Identify career cluster and related pathways that match career and education goals.
- CP.04 Develop and manage a career and education plan.
