

Practitioner Fee Schedule

Anesthesia Reimbursement Method: Calculate your reimbursement by dividing the total minutes of anesthesia by 15. Multiply this number by the conversion factor of \$14.50. Add this to the base fee listed below for the procedure code (00120). Example: 100 minutes of anesthesia for code 00120 = \$159.49. (100 min. divided by 15 = 6.67, rounded down to 6. 6 X \$14.50 = \$87.00. \$87.00 + \$72.49 anesthesia base fee = \$159.49.) (CRNA and Anesthesiology Assistants are reimbursed at 80% of total reimbursement of \$159.49. Example: \$159.49 X .80 = \$127.59.)

The following physician specialty types receive a 24% increase for services provided to children under 21: 02, 03, 04, 05, 08, 10, 14, 15, 17, 21, 22, 23, 29, 30, 31, 36, 37, 38, 39, 43, 46, 51, 53, 55, 57, 58, 60, 62. When the criteria are met and the 4% and 24% are both applicable, to calculate the specialty fee, multiply the base fee by 1.04, as noted above for children, and then multiply that result by 1.24. Example: For code 99201, the fee is \$31.20 X 1.04 = \$32.45 X 1.24 = \$40.24 (specialty fee).

For CPT codes in the range of 99201-99496, an additional 10.2% increase will apply for services provided by the following physician specialty types: 01, 19, 23, 35, 36, 37, 38, 39, 43, 49, 59, 101, 102. When all criteria in each section are met, and the 4%, 24% and 10.2% are applicable, to calculate the specialty fee for those certain pediatrician specialty codes, multiply the base fee by 1.04, then multiply that result by 1.24, and then multiply that result by 1.102. Example: For code 99201, the fee is \$31.20 X 1.04 = \$32.45 X 1.24 = \$40.24 X 1.102 = \$44.34 (pediatrician specialty fee). For codes 99381-99384, 99385 EP, 99391-99394, and 99395 EP the base fee includes the 4% pediatric increase. The following rates are for primary care evaluation and management services provided to recipients ages 00-19: 99212= 1 unit at 26.45, 99213 = 1 unit at 32.56, and 99214 = 1 unit at 48.27.

When the assistant fee is allowable as indicated on the fee schedule, the assistant is reimbursed at 12.8% of the base fee.

Advanced Registered Nurse Practitioners, and Physician Assistant rates are reimbursed at 80% of the base practitioner rate.

Registered Nurse First Assistant rates are reimbursed at 12.8% of the base practitioner rate.

NOTE: The fees listed below are reimbursed for services provided to recipients age 21 and over. To calculate the fee for children under 21, multiply the base fee, or the base PC (professional component) fee, or the base TC (technical component) fee by 1.04. 1.04 is a 4% increase over the base fee for adults. Example: Base fee \$38.17 X 1.04 = \$39.70 (under 21 fee). Fees are rounded to the nearest hundredth.

Reimbursement increases noted above do not apply to the following services: Regional Perinatal Intensive Care Center services (RPICC); injectable medications/ immunization/vaccinations; supplies; devices ; and laboratory/pathology services.

For codes 59409-59622 "*" indicates reimbursement for a high risk delivery associated with diagnosis code.
